Baldwin Hall. Anderson Hall. Memorial Hall.

General Statement.

The College grounds consist of sixty-five acres, and for beautiful scenery are not surpassed by any in the country. They are elevated and undulating, covered with a beautiful growth of evergreens, and command a splendid view of the Cumberland Mountains on the north, and of the Smoky Mountains on the south.

On these grounds have recently been erected three new buildings, at a cost of fifty thousand dollars.

The location is as remarkable for its healthfulness as it is for its beauty.

The central building is adapted to and used exclusively for College purposes, and in honor of the founder of the institution, is called Anderson Hall.

Baldwin Hall, named in honor of the late John C. Baldwin, of New Jersey, is occupied by the young ladies. In this hall ample and pleasant accommodations for board are provided for all the members of the institution who may choose to board there.

Memorial Hall is occupied by the young men.

In the basement of Baldwin Hall are six, and in that of Memorial Hall are ten kitchens, for the benefit of students who may prefer to board themselves.

These halls are large and convenient, well lighted and ventilated—in every way attractive—and will accommodate one hundred and thirty students.

The rooms in Baldwin Hall are furnished with stoves, bedsteads, washstands and tables.

The rooms and kitchens in Memorial Hall have once been furnished by the College, but hereafter the young men must furnish any article that may be missing.

Students must furnish their own bedding.

MARYVILLE COLLEGE,

EAST TENNESSEE

FOUNDED IN 1819.

Was born of the moral and spiritual needs of the earliest settlers of East Tennessee, chiefly Scotch-Irish Presbyterians, and was designed to educate men for the ministry native to the soil.

The grand motive of the founder may be best stated in his own words: "*Let the Directors and Managers of this sacred Institution propose the glory of God and the advancement of that kingdom purchased by the blood of his only begotten Son, as their sole object.*"

Inspired by such a motive, he gathered a class of five in the fall of 1819, and in prayer and faith began and prosecuted the work of his life.

In forty-two years it put one hundred and fifty men into the ministry.

Its endowment, gathered by littles through all these years, was only $16,000.

Then came the Civil War, and suspended the work of the institution for five years, and it came out of the general wreck with little left save its good name and precious history.

After the war, the Synod of Tennessee, moved by a spirit of self-preservation and by a desire to promote Christian education in the Central South, resolved to revive Maryville College.

It was re-opened in 1866.

New grounds and new buildings were an imperative necessity,

To meet this need, $65,000 were secured, and the College was saved from extinction.

Within the past year a few generous friends have contributed an endowment fund of one hundred thousand dollars.

This will enable the institution to enlarge its work and enter upon a new era of usefulness and influence.

The necessary expenses are so low as to give it a special adaptation to the middle class and struggling poor—the great mass of the surrounding population.

Young ladies, qualified to join any of the classes in the College, can avail themselves of its advantage.

The privileges of the institution are open alike to all denominations of Christians.

Parents are requested not to withdraw their sons and daughters toward the end of the year, without consulting the Faculty. Only in cases of extreme necessity should a student leave his studies just before the close of the Collegiate year.

Rooms in the college buildings will be reserved especially for those who intend to remain to the end of the school year.

Through the liberality of the late Mr. R. D. Barkley, of New York City, a Reading Room has been fitted up and supplied with newspapers, secular and religious, and monthlies. The students have free access to this room.

CHEMICAL AND PHILOSOPHICAL APPARATUS.

A valuable apparatus has been purchased. Many of the instruments are costly and superior. Some of the most instructive and brilliant scientific experiments are performed before the whole school. More illustrations of science will be shown the coming year, to all the students, than have heretofore been exhibited. Young people have thus an opportunity to learn what text-books cannot give them.

DISCIPLINE.

Students are not allowed to keep fire-arms in their rooms.

The use of tobacco in and about the College buildings is forbidden, and no student addicted to its use will be allowed to room upon the College premises unless he *signs a pledge not to use it* anywhere while connected with the Institution.

All unexcused delinquencies are registered; and when the number amounts to five, or any number more than five and less than ten, notice thereof is given to the student, and to his parents or guardian.

When the number of unexcused delinquencies amounts to *ten*, the student ceases to be a member of the College.

Students are also dismissed whenever, in the opinion of the Faculty, they are pursuing a course of conduct detrimental to themselves and to the College.

Students are not allowed to absent themselves from the College without permission from the Faculty.

Students from other institutions cannot be admitted into this College, unless honorably dismissed.

Students who persist in the use of profane and vulgar language, will be dismissed.

Students leaving the Institution without permission will be treated as under censure.

Prayers are attended in the College Chapel in the morning, with the reading of the Scriptures, and all the students are required to be present.

All students are required to attend public worship, on the Sabbath, and to connect themselves with Bible Classes in some of the churches in town.
